Potassium Phosphite + Copper Oxychloride	Adult	0.4	1			
Prochloraz Manganese 50%	Adult	0.2	1			
Prochloraz 450g/l	Adult	0.2 - 0.3	1			
Propineb 70%	Adult	0.25	4		3	
Propineb 70%	Larva	0.25	2			
Pyraclostrobin 12.8 + Boscalid 25	Adult	0.04 - 0.075	1			
Tebuconazole	Adult	0.05 - 0.1	2	1		

Tebuconazole 250g	Pupa	0.075 - 0.1	1			
Tebuconazole 250g/l EW	Adult	0.05 - 0.1	2	1		
Tebuconazole 250g	Adult	0.075 - 0.2	1			

TARGET: ROOT DISEASE

Active Ingredient	Beneficial Life Cycle Stage	Dosage (%)	Direct Spray	Indirect Spray	Residual Effects/Day	Sublethal Effect
Copper Sulphate + Potasphosphite	Adult	1%	1			
Fluazinam	Adult	0.05	1			
Fludioxonil 100g/l	Adult	0.2	1			
Fludioxonil	Adult	0.04 - 0.05	1			
Hymexazol	Adult	0.1	1			
Pencycuron 250g/l	Adult	0.5	1			
Prochloraz Manganese 50%	Adult	0.1 - 0.2	1			
Propamocarb Hcl	Adult	0.15	1			
Pentachloronitrobenzene - Pc	Adult	1%	1			
Tolclofos Methyl 50%	Adult	0.1 - 0.2	1			

Disclaimer

- As part of its many years of operation, BioBee Sde Eliyahu Ltd. (the “**Company**”) has examined and continues to examine the effect of pesticides marketed in Israel (both conventional and organic) on the Company’s natural enemy arthropod products and/or bumblebee pollinators (the “**Beneficials**”). As a result, the Company holds information that includes lists of dozens of types of pesticides, by their active ingredients and their potential effect on various Beneficials, assuming no other pesticides were combined with the specific tested pesticides and no change was made to the composition of the ingredients, including the formulation concerning the pesticides listed on the date and in the territory that such pesticides were tested (the “**Information**”).

2. For the avoidance of any doubt, it is hereby clarified that the Information provided to the grower is purely an informative tool, aiming to assist the grower in combining the Beneficials with pesticides. It does not constitute a consultation or a warranty regarding the use of pesticides, their effect on the Beneficials and/or the pests.
3. In addition, it is hereby clarified that although the Company operates to update and strives to ensure that its lists are up to date, **it is possible that the composition of the ingredients, including the formulation of a particular pesticide, has been changed and/or updated without the Company's knowledge. Furthermore, there might be changes in the composition of the ingredients of a particular pesticide, including its formulation, in different territories.** Therefore, it is further emphasized, that the grower shall be exclusively responsible and liable for any use of pesticides. This includes but not limited to, ensuring adherence to the manufacturer's instructions as indicated on the pesticide labels (dosage, volume, etc.), ensuring that the person using the pesticides is qualified and has undergone adequate training, verifying that the pesticide is authorized for the local market and/or for export, verifying the period of time allowed to use a pesticide in the field before harvesting (harvest interval) and the period of time allowed before re-entry to the field after using the pesticide (re-entry period), etc.
4. The Company shall not bear any responsibility or liability whatsoever, for any use of the pesticide by the grower, and shall not be liable in any event for any damage of any kind, whether direct, indirect, consequential or incidental resulting from the grower's use of the pesticides, whether the pesticide was indicated in the Company's lists or not. The use of the Information is the sole responsibility of the grower. The Company does not recommend specific pesticide for use and explicitly states that the Information provided should not be considered as conclusive or binding in any manner.
